# Do Not Sell or Share My Personal Information (CPRA/CCPA Page Stub)

**Title:** Do Not Sell or Share My Personal Information

**Last updated:** 11/11/2025

Some US state laws (like the California Privacy Rights Act) let you opt out of the “sale” or “sharing” of personal information for cross-context behavioral advertising. EarthOMs doesn’t sell your data for money, but we may “share” limited identifiers (like cookie IDs) with advertising and measurement partners when you allow the *Advertising & measurement* category.

## Quick opt-out (browser-level)

- **One-click:** Turn **Advertising & measurement Off** in our Cookie Preferences and click **Save choices**.
- **Automatic:** We honor **Global Privacy Control (GPC)** signals from your browser or extension. If we detect a valid GPC signal, we treat it as an opt-out for this browser.

## Account-level options (logged-in users)

- Apply your opt-out to your account across sessions/browsers: Sign in → *Privacy settings* → toggle **“Do Not Sell/Share”** to **On**.

## What the opt-out covers

- Stops sharing identifiers with ad partners for cross-context behavioral ads in this browser (and for your account if you enable the account-level option).
- Doesn’t affect cookies that are strictly necessary for security, payments, or core functionality, and doesn’t stop our own basic measurement that doesn’t “share” data with ad partners.

## Other privacy requests

- To access, delete, correct, or export your information, visit our **Privacy Requests Portal**: [\[link\]](#). Authorized agents may submit requests there; we’ll verify identity as required.

## Appeals

- If we deny a request, you may appeal by emailing [\[privacy@\\_\\_\\_\]](mailto:[privacy@___]) with the subject **“Privacy Appeal.”**

## Verification & scope

- We may need limited information to verify and honor your opt-out across devices or for your account.

- Your browser-level choice applies only to this browser. Clearing cookies may remove your opt-out—please revisit this page to set it again.

## **Non-discrimination**

- We won't treat you differently for exercising your privacy rights. Some features that rely on advertising cookies simply won't run if you opt out.
